PROFILE

Self-tough web developer based in Columbia, SC. Proficient in HTML, CSS & JavaScript. I enjoy the process of creating and building new things. My mayor strength is web front-end development. Felt in love with coding because it allows me to be creative and have fun while doing a job.

PROJECTS

Email Templates

- Newsletter Email - DoorDash newsletter email replica.
- Promotional Email - Recreated a real Priceline promotional email.
- Transactional Email - Shopify transactional email template.

Marketing Agency

- Mockup marketing agency landing page.
- Build with HTML, CSS, SASS and JavaScript.
